### **Let's talk about the weather.....**

Year 3-6 students were fortunate to have Geoff Clark come into our classroom and talk about his meteorology station.

The students thoroughly enjoyed Mr Clark's visit and we would like to thank him for taking the time to talk to us.

On the 3<sup>rd</sup> of April Mr Clark visited us to tell us about the weather. He told us about his machines and what they do. One of them was for seeing how much it had rained in one spot and another one was for the wind. He also told us about cloud seeding and how snow forms. Thank you, Mr Clark.

~ Kiara

Mr Clark came to our school on the 3<sup>rd</sup> of April to teach us about his weather program on the internet. We had lots of good questions and the answers were very cool. I learnt that his machines were nothing like ours and they were very high tech and efficient. Thank you, Mr Clark.

~ Patrick

Mr Clark came last Wednesday. He talked to us about meteorology. He taught us how weather can change very quickly. It was really interesting. Thank you, Mr Clark, for teaching me about meteorology. It was lots of fun.

## HEAD LICE

We are still experiencing some episodes of head lice in our school. Please take the time to treat your child's hair regularly to help eradicate the problem.

## Woolworths Earn & Learn

We will again be participating in the Woolworths Earn & Learn program. Through this program we will be able to get new educational resources for our school.
